Director of Planning and Development

Presenter: David Hawkins, Director of Planning and Development

Agenda Item: Consider and take appropriate action on a Final Plat for Lots 1-16, 1X & 2X, Block 1, Roeser Addition. The property is generally located on the north and south sides of Park Street approximately 2,100 feet east of South Ash Avenue.

Background and Explanation:

On February 15, 2022, City Council approved a Planned Development Zoning Change request for this development by Ordinance No. 2022-06 which established a concept plan consisting of 16 residential lots.

The Planning and Zoning Commission approved the Preliminary Plat for this development on June 16, 2022.

Existing Condition of Property:

The property is currently undeveloped with existing trees on the north side of Park Street.

Development Review Analysis:

The purpose of this Final Plat is to plat sixteen (16) residential lots and two (2) HOA lots (private alley and boat ramp lot).

Zoning

- The property is zoned Planned Development (PD).

Streets

- Park Street will retain its existing asphalt design with bar ditches. The applicant is dedicating an additional 5' of R.O.W. on both sides of Park St. in accordance with the Master Thoroughfare Plan. A new cul-de-sac has been provided at the end of Park Street to meet Fire Protection requirements.

Public Infrastructure

- Water line is available on Park St. and being extended from the Ashwood Park subdivision located to the north of this development. With no sewer mains nearby, each lot will be served by an onsite septic system.

Drainage

- The applicant has provided drainage plans for this new development to meet the requirements of Section 14 – Integrated Stormwater Management of the City of Azle's Subdivision Ordinance.

Tree Preservation/Mitigation

- The applicant had provided a tree survey of all protected trees 6" or greater, showing a total of 751 trees with the Preliminary Plat application. There are no trees planned for removal for the

construction of this development. Any trees to be removed will be done at time of building permit application for each new single-family residence and any required tree mitigation will be completed at that time.

Board/Commission/Committee Recommendation:

This Final Plat meets all requirements of the Planned Development Zoning and Subdivision Ordinance with no variances being requested. The Planning and Zoning Commission has the following option when considering this application:

1. Approve the Final Plat as presented.

Staff Recommendation:

Staff recommends approval of this Final Plat application.

Presenter: David Hawkins, Director of Planning and Development

Agenda Item: Consider and take appropriate action on a Preliminary Plat for Lots 1 & 2, Block 1, Fox Addition. The property is generally located on the west side of Park Street approximately 3,700 feet east of South Ash Avenue.

Background and Explanation:

The property is currently undeveloped with a few trees on approximately 28 acres, north of the new Roeser Park residential development.

Development Review Analysis:

The purpose of this Preliminary Plat is to plat two (2) residential lots off of Park Street, a private street. Lot 2 is planned to be developed with a new single-family residence.

Zoning

- The property is zoned Estate One District (E-1) which has a minimum lot area of one (1) acre.

Streets

- Park Street is a private street located within an existing 50' Ingress, Egress & Access Easement owned and maintained by the property owners along this street. Both lots will have access from this access easement.

Public Infrastructure

- A new public water line is being extended to the end of the private street portion of Park Street to serve the new Roeser Park development to the south. A private service line will be extended from the new water main to serve Lot 2 at a later date. With no sewer mains nearby, the new Lot 2 lot will be served by an onsite septic system.

Drainage

- Drainage for Lot 2 will be addressed at time of building permit application. There are no development plans at this time for Lot 1.

Tree Preservation/Mitigation

- There are no trees located within the boundary of the new Lot 2 for this development. There are no development plans at this time for Lot 1.

Board/Commission/Committee Recommendation:

This Preliminary Plat meets all requirements of the Zoning and Subdivision Ordinances with no variances being requested. The Planning and Zoning Commission has the following option when considering this application:

1. Approve the Preliminary Plat as presented.

Staff Recommendation:

Staff recommends approval of this Preliminary Plat application. A Final Plat shall be submitted and approved by the City for Lot 2 before a building permit can be applied for.

VICINITY MAP
(NOT TO SCALE)

Presenter: David Hawkins, Director of Planning and Development

Agenda Item: Conduct a public hearing and make a recommendation to City Council regarding a proposed zoning change request from the Single Family Five (SF-5) District to Heavy Commercial (HC) District for approximately 0.36 acres of land, being described as Tract 2 in the G.W. McKinsey Survey, Abstract No. 1827, City of Azle, Tarrant County, Texas. The property is addressed as 109 Porter Drive and is generally located on the southwest corner of Porter Drive and Southeast Parkway (Hwy. 199).

Background and Explanation:

The applicant for this zoning change owns the subject property as well as the adjacent wrecker service business to the east of this property. The existing house on 109 Porter Drive has been used as a single-family residence under the SF-5 zoning. The applicant is requesting the property zoning of SF-5 be rezoned to Heavy Commercial (HC) so it may be added to the wrecker service business as part of its expansion. If the zoning change is approved, then the house would be converted into an office building to serve the customers of the wrecker service.

If the zoning change is approved and the house is redeveloped into an office building, then there will be a required 8-foot masonry screening wall along the west property line adjacent to the SF-5 zoned property. The applicant intends to request a separate variance to be considered by the City Council to allow the metal panel fencing to be used in lieu of a masonry screening wall.

The subject property is designated as "Commercial" on the Future Land Use Plan Map so this zoning change request would be in line with the Comprehensive Master Plan for Azle.

Existing Condition of Property:

The property currently has an existing single-family residence located on the south side of Porter Drive.

Adjacent Zoning:

North: Institutional (INS)
 South: Outside of City of Azle limits
 East: Heavy Commercial (HC)
 West: Single Family Five (SF-5)

Current Zoning:

This zoning change request is a straight zoning change from one district to another. There is no Planned Development or Concept Plan associated with this request. A change to the Heavy Commercial (HC) zoning district would permit any business or land use listed in the Permitted Use Chart in Section 4.10 of the Azle Zoning Ordinance (see attached Permitted Use Schedule in packets).

No impact on services

No impact on services

Water - Water is available to serve this property.
Sewer - Sewer is available to serve this property.
Storm Water – Storm water and drainage plans will be reviewed at the permitting phase should the zoning change be approved.

Seven (7) letters were sent to surrounding property owners. As of January 27, 2023, staff has not received any formal responses from the public.

The proposed zoning change is in conformance with the City of Azle's Comprehensive Master Plan.

1. Recommend approval as submitted
2. Recommend denial as submitted
3. Table the case to future meeting

Staff forwards this zoning change request to the Commission for their consideration.

Re: 109 Porter Dr.

I am Deborah Burrows, my husband James Burrows we own Wells and Woods Wrecker Service at 1106 Southeast Parkway which we purchased back in 2008. We purchased 109 Porter house 2011. We originally bought that property to add to the Wells yard. Instead I tried to put renters in there and it just not worth it. I've been left to where we have had to completely rip floors out and left with unbelievable filth and 6ft high grass, city going to fine me. So we would much rather open it up to a office space.

Our current building is extremely old and very small.

We are coming to ask if this can be made into our new office space. We would like to rezone 109 Porter from SF 5 to Heavy commercial zone to match the 1106 southeast Parkway. I have attached photos of the current plans. It will only be used as foot traffic the existing gates will stay as is on the tow lot. The new area will not have gates it will be a stationary fence , this way we are not disturbing anyone in the evenings.

We have spoken to 113 Porter , Brooks Brown 817-832-2746. He was great with the changes, we will be replacing his fence to his liking. (8ft masonry wall is required, but I would like to request to put a 8ft Metal fence to match the rest of the yard.) My existing fence are grandfathered in. So I come to you asking for approval to expand our business in Azle, so I intend to make the request once approved by the city.

I also understand that it will have to voted by the council for the variance.

I am needing to get a new survey with both properties once this can be processed.

If I have missed something please reach out to me, I will take care of whatever you need.

Thanks

Deborah Burrows
